

Montessori education

An educational approach aiming at develop the independence and psuchological development of the child

Montessori education (IT) is an educational approach developed by Italian physician and educator Maria Montessori. Montessori education is practiced in an estimated 20,000 schools worldwide, serving children from birth to eighteen years old. Montessori education is characterized by an emphasis on independence, freedom within limits, and respect for a child's natural psychological development, as well as technological advancements in society.
