Last Minute Market (IT) is a spin-off of the University of Bologna, which was founded in 1998 as a research activity. From 2003 he became business reality and operates throughout the country by developing local projects aimed at recovery of unsold goods (or marketable) in favor of charitable organizations. LMM uses a young and dynamic operations team supported by teachers and researchers at the University of Bologna. With over 40 projects implemented in municipalities, provinces and regions, in Italy, LMM has developed a method to work effectively and efficiently used to activate the system in a progressive manner donations / withdrawals by controlling aspects of nutrition, sanitation, logistics and tax.
