SANTIAGO CIRUGEDA. With his Recetas Urbanas group, he's engaged in carrying out subversive actions that point the fingers at areas of dissatisfaction in urban contexts. The project aims to demonstrating the pressing need to estabilish new places of aggregation outside of the insitutional context, creating opportunities for debate and for socializing. Whit his project Un-buildable House, Cirugeda circulates detailed instruction on how to reproduce housing unit, occupying unused public spaces and constructing illegal housing and social spaces. In some cases, he also guarantees legal assistance.
