Actionable Analysis

Learning and research environment for New Finance tools

actionable **ANALYSIS**

Project author or developer: **Actionable Analysis**

Where:

US / United States / San Francisco

Website:

actionableanalysis.org/

Actionable Analysis applies insight to find the pivotal questions affecting global systems. By finding the right question, Actionable Analysis can bring research, analysis, sensemaking, toolmaking, and communication to find and propagate the answer(s). By focusing on the "key question/answer― cycle, Actionable Analysis will help meet climate change and other impact-awareness goals, faster.
