Two Days on urban development in Switzerland and to promote community economies in swiss cities

Friday the 3rd: talks on urban development in Switzerland. Swiss citites are a engine of growth for our economies, but swiss cities become more and more expensive (higher prices of land and housing). Saturday the 4th: presentations of social, community and ecological economies of swiss citites: cooperative housing, urban agriculture, citizen renewable energy projects, alternative currencies, commons in the city.3 ET 4 MAI 2013, LAUSANNE
