

JOURNÉES DES ALTERNATIVES URBAINES

Two Days on urban development in Switzerland and to promote community economies in swiss cities

Friday the 3rd: talks on urban development in Switzerland. Swiss cities are an engine of growth for our economies, but Swiss cities become more and more expensive (higher prices of land and housing). Saturday the 4th: presentations of social, community and ecological economies of Swiss cities: cooperative housing, urban agriculture, citizen renewable energy projects, alternative currencies, commons in the city. 3 ET 4 MAI 2013, LAUSANNE
