

Light Workers SXM

We are a Cross Cultural Alliance of residents of St. Maarten who are committed to rebuilding food and energy security for our island

The Aims of Light Workers SXM are: To build resilience into the community of St. Martin/Sint Maarten and encourage the transition from oil dependency to a post carbon future. To establish Time Banking within the community of St. Martin/Sint Maarten. To promote and develop a culture and opportunities for growing food and sourcing local products within the community of St. Martin/Sint Maarten. To investigate and develop alternative energy sources that will benefit the community of St. Martin/Sint Maarten.
