

Kaereti

Kaereti is a local exchange trading system that started in August 2011 in crete of Greece. It take place in 3 cities over a region

Kaereti is a local exchange trading system that started in August 2011 in crete of Greece. It take place in 3 cities over the region of Lasithi. The Alternative currency is not mixed with euro. In every city there are different persons which organize it. Besides the currency many different actions of social economy take place such as: Gift Bazaar - promotion of bio and natural agriculture supplying people with nurseries of traditional seeds - education about cob houses and natural architecture etc. For Our needs as a barter network we created a barter grocery that works every day and we exchange goods with other networks , collectivities or individually.
