

Oxfam is one of the most important international federations in the world specializing in humanitarian aid and development projects, made up of 17 organizations from different countries who work with nearly 3,000 local partners in more than 90 countries to find lasting solutions to poverty and injustice. Oxfam Italy, which joined in 2010 the international confederation Oxfam, born from the experience of Ucodep, Italian non-governmental organization for over 30 years engaged with passion and professionalism to improve the living conditions of thousands of poor people in the world and give them the power and energy to build their own future, to control and direct their lives, to exercise their rights. We work to help people improve their living conditions by providing them with adequate support and resources, promoting sustainable development processes in the long run. To eradicate poverty, injustice and their causes is required at 360° in the North and South. Oxfam has chosen an integrated approach between development programs, emergency response, campaigns and educational initiatives to improve the living conditions of thousands of people around the world by allowing them to exercise their rights and build a decent future. In 2013/2014, Oxfam Italy intervened with their own programs in Albania, Bosnia and Herzegovina, Brazil, Burkina Faso, Cambodia, Congo, Ecuador, El Salvador, the Philippines, Guatemala, Haiti, Honduras, Italy, Lebanon, Maghreb, Occupied Palestinian Territories, Dominican Republic, Senegal, Sri Lanka, South Africa.
