

Raphael Fellmer - Foodsharing

Raphael Fellmer lives since 2010 in the money strike to raise awareness of the responsibility we all share for hunger, injustice and environ

Raphael Fellmer lives since 2010 in the money strike to raise awareness of the responsibility we all share for hunger, injustice and environmental degradation. He lives with his wife and two children, his dream of a world without money. He brings a free of charge through lectures, media appearances and his commitment to sharing food for a better world. Meanwhile, he has become a media instance for the culture of sharing against waste and excess.
