Founded in 1980, NABA is an internationally renowned innovative arts and design academy based in the heart of Milan's design scene. NABA is the largest private educational academy in Italy offering six BA and seven MA courses, all recognised by the Italian Ministry of Education, University and Research (MIUR).

The continued success of NABA over 30 years stems from the multidisciplinary approach of all of our programs and relies upon a well-balanced combination of theory, taught by distinguished teaching professionals and practical work with leading companies and studios. NABA prides itself on its networks with the most prestigious companies and top-level professionals, offering students the unique opportunity to develop their professional artistic competencies whilst preparing them for the world of work. Within one year of graduation 82% of students find jobs.

Set in the beautiful Navigli area of Milan, the modern NABA campus is 17,000 mq and consists of 12 buildings. All facilities, equipment and individual subject studios are constantly updated to keep students' work as fresh and cutting edge as possible.

With 2,000 students coming from 60 different countries NABA has a real international feel that adds value and enriches the student experience. NABA proudly promotes intensive educational exchanges with Art and Design universities in Europe, USA, Latin America and Asia.

NABA joined the Laureate International Universities network in 2009. Laureate is a trusted global leader in providing access to high-quality, innovative institutions of higher education.

The Laureate International Universities network includes more than 80 accredited campus-based and online universities in 29 countries throughout North America, Latin America, Europe, Northern Africa, Asia and the Middle East. Laureate universities offer more than 130 undergraduate, master's and doctoral degree programs in fields including architecture, art, business, culinary arts, design, education, engineering, health sciences, hospitality management, information technology, law and medicine.

Throughout a worldwide network of higher education institutions, Laureate International Universities share a mission to make quality higher education accessible and affordable so more students can pursue their dreams. It's a mission we believe will help make the world a better place.

At the center of our vision is value, as defined by our students and those who employ them. A professionally oriented education with an international perspective helps prepare Laureate students to succeed in the global marketplace.

Laureate International Universities students, faculty, alumni and families, as well as the employers who hire our graduates, are making a positive difference in communities around the world. When our students succeed, countries prosper and societies benefit.
