Overcome hunger: a true duty to be charged

WORDS OF LAW. TO OVERCOME HUNGER

 \hat{a} €œIn every corner of the world now \hat{a} €" to fight the risk of hunger and a new terrible poverty \hat{a} €" a growing demand for regulation and joint action that we feel a duty to listen and interpret, a request on a global basis, finally able to give guarantee of food, quantitatively and qualitatively adequate, the status of a true duty to be chargedâۥ

Livia Pomodoro, President Milan Center for Food Law and Policy

AN INSTITUTIONAL COMMITMENT

From the commitment to build an intangible legacy $\hat{a} \in \mathbb{T}$ in an international perspective $\hat{a} \in \mathbb{T}$ it has been proposed to set up the Milan Center for Food Law and Policy, the Center for Documentation and Study on Rules and public policies on nutrition, founded in February 2014, on impulse: EXPO Milano 2015, Regione Lombardia, Milan City Council and Chamber of Commerce of Milan. On February 17, 2014 the Company signed a Memorandum of Understanding for the Establishment of an International Centre for documentation and study of standards and public policies on nutrition, the Milan Center for Food Law and Policy chaired by Livia Pomodoro, former President of the Milan court. The Mcflp constituted as an association on June 19, 2015.

THE LEGACY OF EXPO 2015

Milan Center is an information structure that collects, catalogs and stores, in a systematic and updated way, both legislative materials, both public documents or public $\hat{a} \in \text{``private'}$ in terms of the right to food. The goal is: to make available to scholars and citizens that the words of the law states and national organizations, international and multilateral write in nutrition.

Expo 2015 is now over. An event that, unique, was able to draw a piece of the future for our country. All of us have now to build its following: the legacy, the intangible heritage. We have to make sure that the day after will continue to be the day of action and leadership of many energies that Milan and Italy were able to mobilize and fielding. Milan Center for Food Law and Policy is the core of this legacy. The Centreâf™s activities:

â€" Permanent Observatory on national legislation, European and supranational

The MCFLP is an entire information structure dedicated to the shared collection, cataloging and archiving, systematic and updated way, both of legislative materials, both of public documents or public $\hat{a} \in \mathcal{E}$ private in terms of the right to food, with the aim of facilitating renderna access and understanding to scholars and citizens.

Obiect:

 $\hat{a} \in \mathcal{C}$ Policy analysis and collection of best practices at local, national and international; $\hat{a} \in \mathcal{C}$ Construction of the network $\hat{a} \in \mathcal{C}$ Organization of conferences and workshops for thematic areas and productions handbook

THINK TANK TO WRITE NEW RULES

The Center will create a thematic think-tank, able to imagine new scenarios in that †scientific area that is located at the intersection of law, nutrition, economy and agriculture, by addressing the critical
